

Jane Roberts

Dear Activity Coordinator

Our Sixth Formers are missing coming to see you on Friday afternoons and thought you may appreciate some letters, poems and pictures from the Community Link team and some of the younger members of the school. I have put them in booklet form to keep them together but please feel free to take them out and distribute them individually or put them on your walls if that suits you better.

We are continuing with online schooling and looking forward to the time when it is safe to be back at school.

If there is anything we can do to support you in these difficult times please let us know. We have pupils and staff who are playing online scrabble and chess and others who would be happy to write more letters or become pen-pals.

We hope that everyone is safe and healthy and look forward to seeing you all again as soon it is safe for us to do so. We have been tweeting some of our letters and pictures so please do follow us on @SASHerts if you would like to see the tweets.

Kind Regards

Jane Roberts
